

## Examining Stock Market Dynamic Linkage of BRIC Countries

*(Dr. Anubha Srivastava, Assistant Professor (Finance), Amity Business School, AUUP, Noida)*

### Abstract

This study covers the BRIC countries from various socio- political-economic backgrounds. In many countries, Capital market is an engine of economic growth and development. The purpose of the study is to capture the trends, similarities and patterns in the activities and movements of the Indian Stock Market in comparison to its BRIC counterparts. An attempt has been made in the paper to find out the performance of Indian capital markets as compared with other BRIC countries. The population for the survey included all the emerging capital markets of the world & the scope of the study was restricted to only the BRIC countries. The sample size for the study consisted of 4 countries, i.e. Capital markets of BRIC countries-Brazil, Russia, India & China.
